MD103-G1

MD115-G1

Introducing newly designed full-motion desk mounts for monitors up to 35 lbs.

Our new medium full-motion desk mounts are the perfect addition to any office space. These sleek mounts can be clamped to the back of desks up to 3" thick or mounted directly into the wire management hole. Both mounts feature adjustable height and cable management channels. Virtual Axis 3D™ technology offers totally fluid motion in every direction possible, so it's easy to move monitors from portrait to landscape. Model MD115 features an articulating arm, allowing the monitor to swivel at three points and extend up to 12" for perfect placement. Independent tensions allow for easy tool-free adjustment. Mounts feature extruded aluminum and heavy-gauge steel construction. Compatible with VESA 75, 100, 200 x 100 and 200 x 200 mounting patterns.

VISIONMOUNT™ DESK MOUNTS

Full-Motion Desk Mounts are as versatile as they are strong

Virtual Axis 3D™ technology features a cup-shaped design that allows the monitor to move in every direction possible with fluid motion, so it's easy to switch from portrait to landscape—no loosening or tightening required. And because it balances the monitor's weight on itself, you can move it with the touch of a finger.

« Virtual Axis™ 3D provides effortless motion in every direction possible and allows monitor to easily move from portrait to landscape

« Adjustment knobs for “set and forget” tension without any tools

« Cable management channel neatly and safely routes cables

« Height-adjustment feature allows mount to be positioned at an optimal viewing angle

« Offers unique ability to clamp onto back of desk or to mount directly into wire management hole

« Keyholes on faceplate slide onto monitor for effortless bracket alignment and easy installation—all mounting hardware included
